

MURINE®

refresh & soothe eye mist

Eye spray with sodium hyaluronate and liposomes.

Murine refresh & soothe eye mist is a convenient and drop-free way to rehydrate dry eyes, soothe the associated irritation & discomfort (such as burning and itching) and restore & stabilise the tear film helping to keep eyes (and surrounding eye area) lubricated and moisturised.

A triple action formulation with

- Lubricating and moisturising sodium hyaluronate to enhance hydration, soothe associated irritation and reduce risk of dry eyes
- Liposomes - in conjunction with the lubricant significantly improves and maintains the tear film and helps prevent moisture loss
- A very gentle mist application which after blinking, migrates onto the eyes to relieve dry eyes.

Contact lens wearers also benefit with enhanced contact lens comfort. Just follow the same directions for use.

Plus Murine refresh & soothe is:

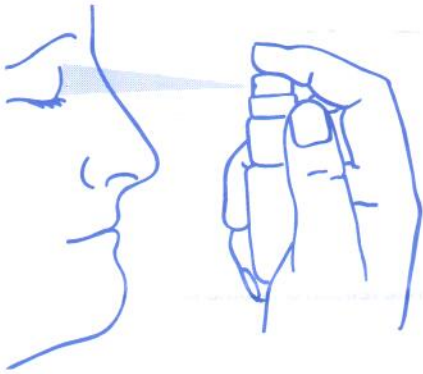

- Alcohol free
- Pocket-friendly yet contains over 300 sprays
- Suitable to use whilst wearing water-proof make-up.

Murine provides relief for dry & uncomfortable eyes due to:

- Dry, air conditioned or windy environments
- Overworked & tired eyes
- Extended computer use
- Contact lens wear
- Travelling
- Laser eye surgery
- Age related dryness
- Medicine related dryness and similar

Directions for Use

Please read entire leaflet before use.

Use only on closed eyelids.

Hold the bottle about 10 cm from your eyes.

Close your eyes and press gently for a comfortable even spray mist. Spray 1 to 2 times onto each eye. Blink occasionally for the best results.

May be used 3 to 4 times per day.

Before first use, spray a few times to prime pump. Do not touch sprayer onto eyes or any other surface.

While working for prolonged periods of time or when you are more prone to dry eyes, try spraying periodically to help prevent your eyes from getting dry.

Warnings

Do not

- Spray into open eyes
- Use if you are sensitive to any of the ingredients
- Swallow
- Use at the same time as other eyecare medicines. An interval of 10 to 15 minutes should be left between the use of different eye medicines.

Murine is not known to cause any undesirable side effects. However, if you have side effects or persistent symptoms of eye discomfort, stop using and contact your specialist.

Storage

Store at room temperature (between 5°C and 30°C)

Protect from direct sunlight.

Keep away from heat sources.

The product remains sterile after first opening.

Can be used to end of shelf life even once opened.

Do not use after expiry date.

Keep out of the reach and sight of children.
